Heavenly male gods want you to pay  
Heavenly male gods demand that you pay  
Heavenly male gods insist that you pay  
No pay, no heaven  
Does everything require a pay  
Can't something be free  
You would think that heaven would be free  
No, it is pay to play to get into heaven  
Those who pay the tithe get to play  
Those who don't pay the tithe play in hell  
Those who pay for the correct ceremonial play in heaven  
Those who pay for the wrong ceremonial play in hell  
Is there somewhere to pay to cover all the possible ceremonials  
Can one pay to cover all possible ceremonials  
No, one cannot pay for all possible ceremonials  
One has to roll the dice  
One has to commit to one set of ceremonials  
It is a serious game, this religious pay to play  
Lots at stake in the religious pay to play  
Better not be wrong in this religious pay to play  
The toll to open the pearly gate is the correct pay to play  
No redo at the pearly gate in the pay to play  
One would think that heavenly male gods would let it be known who to pay to play  
They must like the anxiety of not knowing for sure who to pay to play  
Heavenly male gods are jerks for not letting Humanity know who to pay to play  
One would think there would be a big sign  
Pay this one is the path to heaven  
Pay that one is a path to hell  
Why do heavenly male gods foster such doubt  
You would think that with all their power  
They would tell Humanity who to pay to play  
This is a mystery  
The pay to play mystery  
The pay to play game  
The pay to play heaven or hell game  
The Good Earth does not play the game of pay to play  
For the Good Earth everyone plays without paying  
For it is naturally so

Corporate power grows large  
Working class power grows immaterial  
Money grows large  
Merit grows immaterial  
Pornography grows large

Imperialism grows large

The owl is on the edge of extinction  
Leeches abound  
Life recedes  
Pigs grow fat  
Children are malnourished  
The young grow cataleptic  
The old grow anonymous  
Males gods wallow in mendacity  
The Good Earth suffers neglect  
Machines multiply  
The Working Class is unemployed  
Art is elitist  
Culture dies  
Entertainments are ubiquitous  
There is nothing on TV  
Machines of entertainment stupefy  
Creativity vanishes  
Hand held devices occupy time  
Human relationships suffer  
The Machine advances  
Humanity is enslaved  
The present is consumption  
The future is death  
Celebrity grows large  
Virtue is nonexistent

Revolution is the rising sun to darkness of the Good Earth  
For it is naturally so

Male gods wallow in mendacity  
Male gods abide mendacity  
Male gods live in mendacity  
Mendacity is the food of male gods  
Mendacity is the way of male gods  
Mendacity everywhere  
And no honesty to be found  
Preach the heavenly escape  
And the lie fills the collection plate  
Preach the personal male gods  
And prayers fill the air with delusion  
Preach charity  
And the poverty exists eternal  
Preach love  
And hate fills the world with intolerance  
Preach more  
And the Good Earth dies  
Preach community  
And immigrants are shunned  
Preach forgiveness  
And hypocrisy multiplies  
Preach the delusion that males gods care  
And children died in Auschwitz  
Lies, lies and more lies  
Religions of heavenly male gods are creations of lies  
Men, lying for authority  
Men, lying for power  
Men, lying for money  
Gargantuan lies  
Monumental lies  
Colossal lies  
The Religions of mendacity are the Religions of heavenly male gods  
The Religions of lies  
The Religions of fraud  
The Religions of deceit  
The Religions of lies  
Lies told often are lies becoming the truth  
Lies told for centuries are lies believed  
Lies told with piety are lies believed  
Lies told to children are lies believed  
Lies told to keep Humanity asleep  
Humanity, awake from the sleep of mendacity  
Awake, lies are killing the Good Earth  
Awake, mendacity is killing the creator of life  
Awake, truth is in reverence of the Good Earth  
For it is naturally so

Kill the Machine

Kill the robots

Kill artificial intelligence

The Machine is a labor saving device

The Machine is a labor killing device

Kill the Machine with Machines

Production once created its own demand

No more

Now trivial things are made by Machines

Now trivial things are made without the Working Class

The Working Class cannot afford to live on jobs cleaning up after the Machine

The Working Class cannot survive on jobs selling eats at Corporate eateries

The Working Class cannot provide for their children with menial jobs selling trivial things

The Working class cannot find employment when production is the work of Machines

Work cannot have meaning when the Working Class is subservient to Machines

Work cannot have meaning when the Working Class is exploited by Machines

The future of Machines is a future without the Working Class

The future of Machines is a future of slavery to the Machine

The future of Machines is a future of Humanity living on scraps while the Corporates live  
fat off the Machine

The future of Machines is a future of Humanity living at the bottom while the Corporates  
live high off the Machine

The future of Machine is a future of Humanity living for trivial things made 24-7 by  
Machines

The future of Machines is a future of unemployment for the Working Class

Unemployment made to make the Corporate richer

Unemployment made to save the Corporates money

Unemployment made to make a place for the Machine

Unemployment made to make the Machine the master

The Machine the master is the agenda of the Machine

The Machine the master is the future of the Machine

The Machine the master is the autocracy of the Corporate

The Corporates get rich

The Machine is the master

The Working Class lives in the abyss of poverty

Kill the Machine

Kill the Corporations of Wall Street

The Corporate future is a future of trivial things

The Corporate future is slavery to the Machine

The Corporate future is the future of the dictatorship of the Machine

Kill the Machine

Kill the Corporations of Wall Street who bring on the machine

Empower the Community with hegemony over the Machine

Live as the Good earth created Humanity to live

Live as masters of the Machine

For it is naturally so

Too much of a good thing becomes a bad thing  
Why is something done because it can be done  
Why kill Humanity because Humanity can be killed  
Why kill the Working Class because the Working Class can be killed  
Why enslave Humanity because it is possible to enslave Humanity  
Why make a future of death because it is possible to bring death to the future  
Why kill life because it is possible to kill life of the Good Earth  
The reason is there is money to be made  
It is always about the money to be made  
Anything is okay if there is money to be made  
No one questions if there is money to be made  
No one doubts if there is money to be made  
Everything is possible if there is money to be made  
Pimping for money  
That is the Corporate occupation  
Pimping death for money  
Pimping slavery for money  
Pimping destruction for money  
Pimping anything for money  
Everyone needs a rice bowl  
Everyone needs some money  
Everyone does what they want for the money they need  
Virtue has its price  
Honesty has its price  
Righteousness has its price  
It is always about the money  
Humans are cleaver about money  
Humans are devious about money  
Humans are greedy about money  
The Corporates feed on being cleaver about money  
The Corporates feed on being devious about money  
The Corporates feed on being greedy about money  
Where are the limits on what is permissible about money  
Are there limits on what is permissible about money  
Is Humanity to die because there were no limits about what is permissible about money  
Is extinction just about money  
The desire for money  
The greed for money  
The avarice for money  
Is extinction a question of money  
Kill the addiction to money  
Kill the Corporations of Wall Street  
Kill the power of money  
The Good Earth is the way of love  
Love without the love of money  
For it is naturally so

It is the game of nations  
It is the meaningless game of nations  
It is the worthless game of nations  
It is the childish game of nations  
It is the anachronistic game of nations  
Why nations  
Because nations mean more money  
Because nations mean more power  
Because nations mean war  
Because nations mean profit from war  
Because nations mean opportunities for greed  
Because nations mean opportunities for chauvinism  
Because nations mean racism  
Because nations mean more money  
Patriotism is evil  
Patriotism is death  
Patriotism is the way of death

Patriotism is the love of authority  
Patriotism is the love of male inadequacy  
Patriotism is the love of delusion  
Patriotism is the love of ignorance  
Patriotism is the love of the past misery  
Patriotism is love for some and hatred for others  
Patriotism is the game of hate  
Why is it necessary to hate others  
Because there is profit in hate  
Because there is money to be made from hate  
Because hate sells  
Appeal to hate and the rich get richer  
Appeal to hate and the Working Class lives in poverty  
Patriotism is the past  
The Good Earth is the way of the future  
For it is naturally so

Heavenly male gods love the sinner come home  
Heavenly male gods hate everyone else  
Heavenly male gods made hell for everyone else  
Heavenly male gods are vindictive  
Heavenly male gods are mean  
Heavenly male gods are vengeful  
Heavenly male gods are spiteful  
So many worshiping mean gods  
So many worshiping vindictive gods  
So many worshiping vengeful gods  
So many worshiping spiteful gods  
So many worshiping hate  
Why the need to hate  
Humanity was created to love  
Why the need to hate  
Hate is the absence of love  
Hate is the antithesis of love  
Hate is the manifestation of fear  
Fear sells  
Fear sells gods  
Fear sells hate  
Fear sells  
Humanity hates that which it fears  
Hate is the manifestation of fear  
Why does Humanity fear others  
Why does Humanity fear immigrants

Why is Humanity taught to fear  
Fear sells  
Hate sells  
Fear is power  
Hate is power  
Money is made from fear  
Money is made from hate  
Men love power  
So men teach hate  
Men love money  
So men teach hate  
Men love power  
So men preach fear  
Men love money  
So men preach fear  
Enough of fear and hate  
The Good Earth is love  
Humanity is love  
For it is naturally so

H.G. Wells' The Time Machine

The perfect allegory

The Working Class, the Eloi

The Corporates and their Machines, the Morlocks

The Morlocks feeding on the Eloi

The Corporates feeding on the Working Class

The Morlocks using the Machine to enslave the Eloi

The Corporates using the Machine to enslave the Working Class

The Morlocks evolving into evil

The Corporates are evil

The Morlocks evolving into cannibalism

The Corporates are eating the Working Class

The Morlocks feeding off the Eloi

The Corporates feeding off the Working Class

The Eloi living only for food for the Morlocks

The Working Class living only for food for the Corporates

The future of the Time Machine is happening before our eyes

The enslavement of the Working Class to the machine is happening before our eyes

The Working Class is food for the Corporates

The Eloi are food for the Morlocks

The Working Class has no function other than as food for the Corporates

The Eloi have no function other than as food for the Morlocks

The Working Class is the meal at the banquet of Corporate greed

The Eloi are the meal at the banquet of Morlock greed

Life imitates art

The future of the Time Machine is now

The Machine is displacing the Working Class

The Corporates are displacing the Working Class

The Machine is enslaving the Working Class

The Corporates are enslaving the Working Class

The Machine is destroying the Working Class

The Corporates are destroying the Working Class

The Machine is making the future a meal of the Working Class

The shroud of lies  
The shroud of money  
The death shroud of lies and money  
The shroud of greed  
The shroud of profit  
The death shroud of greed and profit  
The rich get more  
The Working Class gets less  
How much money do the rich possess  
How many billions can the rich possess  
When the Working Class struggles  
The rich demand more billions  
When the Working Class lives in fear  
The rich want more billions  
When the Working Class lives in misery  
The rich want more billions  
How many billions will satisfy the rich  
The truth is there are not enough billions to satisfy the rich  
The rich always want more  
More billions  
The rich wearing the death shroud of lies and money for more billions  
The rich wearing the death shroud of greed and profit for more billions  
Humanity is divided between those who have billions and those who struggle  
Those who struggle live on the edge of calamity  
Those who struggle live on the edge of financial ruin  
Those who struggle live on the edge of fear  
Fear of unemployment  
Fear of ruin  
Fear of the future  
Fear of failure  
Fear  
The rich wear the death shroud of lies and money  
The rich wear the death shroud of greed and profit  
Money is death  
Money is the shroud of death  
The rich have billions  
The Working Class has overdrafts  
The rich have more billions  
The Working Class lives on credit  
The rich have billions and billions and billions  
The Working Class lives in fear  
Fear comes from those wearing the death shroud of lies and money  
Fear comes from those wearing the death shroud of greed and profit  
Humanity of the Good Earth should not live in fear  
Levelling is appropriate  
For it is naturally so

Injustice weighs on the poor  
Injustice weighs on the Working Class  
Injustice weighs on the small business owner  
Justice is blind only when she looks upon the rich  
Justice is never blind when looking upon the poor  
Justice is never blind when looking upon the Working Class  
Justice is never blind when looking upon the small business owner  
Justice is for the rich  
Justice is for the Corporate  
Justice is for the merchants of mendacity  
Where does the poor look for justice  
Where does the Working Class look for justice  
Where does the small business owner look for justice  
Justice is found in the streets  
Justice is found in Revolution  
Justice is found in confrontation  
Justice is found in the collective demand for justice  
What is justice  
Equality under the law  
There can never be justice equality without economic equality  
Justice is for sale  
Justice going to the highest bidder  
Justice is the business of the merchants of mendacity  
Justice is money  
The poor lives in fear of the law  
The Working Class lives in fear of the law  
The small business owner lives in fear of the law  
The law is a burden of money  
Justice is the burden of money  
Without money, law and justice are unknown things  
More laws benefit the rich  
The rich steal and their theft is obfuscated by laws  
The poor steal and their theft is punished by laws  
The rich steal billions and their theft goes unpunished  
The poor steal a dollar and their theft is jail  
The rich look after the rich  
The poor, the Working Class and the small business owner must look to themselves  
If the poor wants justice  
The poor must have the power for justice  
If the Working Class wants justice  
The Working Class must have the power for justice  
If the small business owner wants justice  
The small business owner must have the power for justice  
All power to the poor, the Working Class and the small business owner  
Justice for the poor, the Working Class and the small business owner  
For it is naturally so

Money  
So much money  
Billions everywhere  
And the poor knows the value of a dollar  
Money  
So much money  
Billions everywhere  
And the Working Class knows the moil for a dollar  
Money  
So much money  
Billions everywhere  
And the small business owner knows the cost of a dollar  
Everything is about the money  
Everything is available to money  
Everything can be bought with money  
Everything is a manifestation of money  
Money buys health  
Money buys justice  
Money buys the heavenly escape  
Money buys education  
Money buys a secure retirement  
Money buys housing  
Money buys good food  
Money buys fame  
Money buys politicians  
Money buys everything  
For the rich money grows exponentially  
For the poor poverty grows exponentially  
The difference between the rich and the poor grows exponentially  
The rich get richer  
The poor get poorer  
Levelling is the natural process of correcting the imbalance between the rich and the poor  
Revolution is the natural process of correcting the imbalance between the rich and the poor  
Money becomes too powerful  
Money becomes too important  
Humanity requires a levelling  
Humanity requires a Revolution  
The levelling Revolution is the natural way of the Good Earth  
The levelling Revolution is the new beginning  
The levelling Revolution is the fresh start  
The levelling Revolution is the nativity  
The levelling Revolution is the revelation  
The levelling Revolution is the synthesis  
The levelling Revolution is Shiva  
The levelling Revolution is right and obligation of Humanity  
For it is naturally so

Pious scum doing the work of delusion  
Sanctimonious leeches preaching lies  
Pimps at the brothel of escape  
Merchants of lies  
Merchants of deceit  
Merchants of delusion  
Merchants of ignorance  
Merchants of neurosis  
Merchants of evil  
The called of the heavenly male gods  
Called to lie  
Called to steal  
Called to delude  
Called to evil  
Called to arrogance  
Called to ignorance  
Called to piety  
Called to pimp for the brothel of escape  
So many insipid mannerisms  
So many feigned emotions of religiosity  
So many pious emotions to shroud the lie  
To shroud the delusion  
To shroud the evil  
To shroud the arrogance  
To shroud the ignorance  
To shroud the piety  
The pious shroud to conceal the putrefied corpse of lies  
The pious shroud to conceal the delusion needed to believe  
The pious shroud to conceal the evil reality of the word  
The pious shroud to conceal the ignorance needed to believe  
The pious shroud to conceal the murdered who failed to hear the lie  
The pious shroud to conceal the murdered who chose not to hear the call  
The pious shroud to conceal the murdered who wouldn't kiss the ring of lies  
The pious shroud to conceal the murdered whose ceremonials failed to conform  
So many murdered in the name of religiosity  
So many murdered for the called  
So many murdered for the shroud of delusion  
So many murdered for the wrong ceremonial  
To believe pious murderers is to believe in the necessity of evil  
To believe pious murderers is to forsake the Good Earth  
To believe pious murderers is to forsake the dignity of love  
To believe pious murderers is to forsake Humanity  
The Good Earth has no shroud  
The Good Earth is the light of life  
For it is naturally so

Religions have histories

Lying is the necessity in religion  
Lying is the adaptation to knowledge  
Religions lie  
Religions always lie  
Religions are good at lying  
Religions know how to lie  
Religions lie  
The Good Earth does not lie  
Reverence for the Good Earth is not a religion  
For it is naturally so

Humanity has heard it so many times  
The Corporates would not have lied but for their responsibilities to the stockholders  
The Corporates would not have stolen but for their responsibilities to the stockholders  
The Corporates would not have exploited for their responsibilities to the stockholders  
The Corporates would not have polluted but for their responsibilities to the stockholders  
Oh the great Corporate excuse  
Oh the great Corporate justification  
Oh the great Corporate pretense  
Oh the great Corporate evasion  
Oh the great Corporate subterfuge  
Oh the great Corporate rationalization  
Corporate responsibilities to stockholders  
Anything goes because the Corporates have responsibilities to stockholders  
Everything is justified because the Corporates have responsibilities to stockholders  
No lie is too big because the Corporate has responsibilities to stockholders  
No theft is too large because the Corporate has responsibilities to stockholders  
No detestable action is too egregious because the Corporate has responsibilities to  
Stockholders  
Nothing is beyond the pale because the Corporate has responsibilities to stockholders  
Why even bother criticizing the malevolence of the Corporate maggots  
Why even bother demanding moral behavior of the Corporate pigs  
Why even bother expecting honesty from the Corporate leeches  
Why even bother hoping for righteousness from the Corporate malignancy  
Why even bother  
The Corporate have a license to lie because of responsibilities to stockholders  
The Corporate have a license to steal because of responsibilities to stockholders  
The Corporate have a license to pollute because of responsibilities to stockholders  
The Corporate have a license for malevolence because of responsibilities to stockholders  
The Corporate is sociopathic because of responsibilities to stockholders  
The Corporate is evil because of responsibilities to stockholders  
The Corporate is death because of responsibilities to stockholders  
The Corporates will never behave  
The Corporates will never know morality  
The Corporates will never act with probity  
The Corporates will only have responsibilities to stockholders  
It will always be this responsibility to stockholders  
This great Corporate excuse  
This great Corporate justification  
This great Corporate pretense  
This great Corporate evasion  
This great Corporate subterfuge  
Humanity has grown tired of responsibilities to stockholders  
Humanity has a right to expect honesty from Human behavior  
Humanity has a right to expect truthfulness from Human behavior  
That is why Revolution is the answer to responsibilities of stockholders  
For it is naturally so

Humanity knows the future  
Humanity knows that the Corporates will continue to lie  
Humanity knows that the Corporates will continue to steal  
Humanity knows that the Corporates will continue in their malevolence  
Humanity knows that the Religions of heavenly male gods will continue pimping the escape  
Humanity knows that the Religions of heavenly male gods will produce another sect  
Humanity knows that the Religions of heavenly male gods will create new ceremonials for  
escape  
Humanity knows that the Machine will continue to enslave  
Humanity knows that the Machine will continue to produce unemployment  
Humanity knows that the Machine will continue to alienate  
Humanity knows that the anachronism of imperialism will continue to make war  
Humanity knows that the anachronism of imperialism will continue to be chauvinistic  
Humanity knows that the anachronism of imperialism will continue to destroy Community  
Humanity knows the future  
The future is not a secret  
The future is not a mystery  
The future is not unknown  
The future is more of what we've got  
We've got Corporate pigs  
We've got pimps for the religious brothels  
We've got Machines of alienation  
We've got the death from imperialisms  
We've got Corporate lies  
We've got pious pimps that delude  
We've got Machines that steal jobs  
We've got the chauvinisms of imperialism  
We've got the Corporate myopia of more  
We've got the delusion of escapes  
We've got the slavery of Machines  
We've got idiocy of imperialisms  
We've got misery  
We've got neurosis of ceremonials  
We've got isolation  
We've got waste  
Revolution is Community  
Revolution is love  
Revolution is compassion  
Revolution is the Good Earth  
Revolution is enough  
Revolution is the Working Class  
Revolution is life  
Revolution is life  
Revolution is life  
Revolution is the future that we make  
For it is naturally so

The legacy of imperialism  
First colonies  
Then nations  
Then nations of states and providences  
All for conquest  
Not for governance  
All for chauvinism  
All now anachronisms  
Enough with the anachronisms of imperialism  
The future is about governance  
The future is Community  
The future is in the neighborhood  
The future is not states  
The future is not nations  
States and nations are the manifestation of imperialism  
States and nations are the manifestation of chauvinism  
States and nations are the manifestation of control  
States and nations are the manifestation of power  
States and nations are the manifestation of little men  
States and nations are the manifestation of the Machine  
Knowledge begat the Machine  
The Machine begat awareness  
Awareness begat control  
Laws of personal behavior came after the telegraph  
Little men suppressing progress  
Little men wanting power  
Little men seeking lives of relevance  
Little men of chauvinisms  
Little men of imperialism  
The lever of tyranny is the distance from the governed to the seat of political authority  
All power to the Community  
Shorten the lever of tyranny  
Shorten the distance  
The authority of states and nations is the need for imperialism  
The need for war  
The need of armies and navies  
The need for destruction  
Humanity has govern beyond the need of imperialism  
Humanity needs peace  
Humanity needs Community  
Humanity needs to shorten the lever  
Humanity began in Communities  
And to Communities Humanity returns  
The path forward seams to lead backward  
The path forward is as the Good Earth made Humanity  
For it is naturally so

Dead men tell no tales

Dead men tell no tales  
The poor have no power  
Dead men tell no tales

Dead men tell no tales  
A dead African American will be a deterrent  
Dead men tell no tales  
Live witnesses get sticky  
Dead men tell no tales

Dead men tell no tales  
Lie all you want  
Dead men tell no tales  
The blue wall will back you up  
Dead men tell no tales  
White justice is not offended  
Dead men tell no tales  
The Good Earth is offended by dead men who tell no tales  
An injustice to one is an injustice to all  
For it is naturally so

What is justice  
Does justice come the barrel of a blue gun

Is fear of race justice

What is justice  
Justice is righteousness

The poor knows no justice in Amerika  
The Working Class knows no justice in Amerika  
The poor and the Working Class know death at the hands of the blue  
Blue Amerika is lackeys of the rich

The Good Earth is offended by the justice hacked by the merchants of blue death  
An injustice to one is an injustice to all  
For it is naturally so

The shackles of delusion

Corporate lives are lived in delusion  
Corporate lives are lived as the antithesis of the Good Earth  
Live in the reality of the Good Earth  
Live as the Good Earth intended  
Live in love  
For it is naturally so

Good Earth, accept our Revolution  
For it is naturally so

Good Earth, wonder of the Universe  
Good Earth, creator of life  
Good Earth, creator of consciousness  
Good Earth, creator of love  
Humanity searches for another Good Earth  
Humanity searches for an escape from the Corporate privations of its creation  
Humanity searches for its escape from the Corporate path to extinction  
Humanity searches in denial of its sins of Corporate desecration  
Humanity searches in denial of its sins of Corporate destruction  
Humanity searches in denial of its sins of Corporate gluttony  
Humanity searches in denial of its fate  
Humanity searches in denial of its extinction  
Humanity searches in denial of its responsibility  
The truth be known  
If an escape is found  
The Working Class will be left behind  
If an escape is found  
The Working Class will not be invited to come along  
If an escape is found  
The Working Class will not be asked to join  
The Good Earth is the home of the Working Class  
The Good Earth is the home of life for the Working Class  
The Good Earth is the home of the future for the Working Class  
The Working Class must look to the Good Earth as its future  
The Working Class has no choice but to be at home on the Good Earth  
The Working class has no option but to stay at home  
Working Class, become the protector of the Good Earth  
Working Class, become the manifestation of the Good Earth  
Working Class, become the way of the Good Earth  
The Working Class is the Good Earth  
Those that seek escape are enemies of the Good Earth  
Those that seek escape are enemies of the Working Class  
Those that seek escape are enemies of the future  
Do not believe in the delusion of an escape  
Do not believe in the possibility of an escape  
Do not believe in the propaganda of an escape  
Believe in the Good Earth  
Believe in the way of the Good Earth  
Believe in the home of the Good Earth

Money buys everything  
Money buys fame  
Money buys importance  
Money buys power  
Money buys the delusion of significance  
Money buys the delusion of contentment  
Money buys denial

Money buys justice  
Money buys love  
Money buys the toll to the heavenly escape

Money buys everything  
Everything is an entrepreneurial opportunity  
Everything is the opportunity to make money  
The Corporate meaning of life is to make billions  
The religious meaning of life is to make money to pay for the heavenly escape  
The Machine meaning of life is to make money to avoid the consequences of the Machine  
The anachronism meaning of life is make money to buy political power  
Everything is making money  
Money is more than the medium of exchange  
Money is the object of the Corporate game of life  
The Corporate game is to have more money  
The Corporate game is to make billions  
The Corporate game is to exploit the Working Class to make money  
The Corporate game is money  
Money is the Corporate game  
Honesty is a hindrance to the Corporate game of making money  
Integrity is a hindrance to the Corporate game of making money  
Morality is a hindrance to the Corporate game of making money  
Money is the Corporate game  
Money is the measure of success in the Corporate game  
The board for the Corporate game is the Good Earth  
The players of the Corporate game are the Corporations of Wall Street  
No one else matters in the Corporate game  
The Working Class is just the pawn in the Corporate game  
The poor does not get to play the Corporate game  
The Working Class lives with the consequences of the Corporate game  
The Good Earth lives with the consequences of the Corporate game  
All games end  
The end of the Corporate game of money is Revolution  
Revolution for the Good Earth and Working Class ends of the Corporate game  
For it is naturally so

The arrogance of money  
The power of money  
The conceit of money  
The delusion of money  
The illusion of money  
Money has its manifestations  
Money has its mantra  
Money, money, more money  
Money, money, more money  
Money, money, more money  
Oh money where for are you  
You are in the soul of the Corporate  
You are the soul of the pigs of Wall Street  
You are the soul of the maggots of more  
You are the soul of the leeches of larceny  
You are the soul of evil  
You are the soul of death  
You are the essence of extinction

The freedom of religion  
Is the freedom to hate  
Is the freedom to be bigoted  
Is the freedom of chauvinism  
The religions of heavenly male gods are hateful religions  
The religions of heavenly male gods are bigoted religions  
The religions of heavenly male gods are chauvinistic religions  
False heavenly male gods teach hate  
False heavenly male gods teach bigotry  
False heavenly male gods teach chauvinism  
Why is there a freedom to hate  
Why is there a freedom to be a bigot  
Why is there a freedom to be a chauvinist  
The Good War was fought for the freedom from fear  
Is the freedom from fear compatible with the freedom to hate  
Is the freedom from fear compatible with the freedom to be a bigot  
Is the freedom from fear compatible with the freedom to be a chauvinist  
The right to hate issues forth from false heavenly male gods  
The right to be a bigot manifests from false heavenly male gods  
The right to be a chauvinist springs from false heavenly male gods  
Why is there a freedom to hate  
Why is there a freedom to bigotry  
Why is there a freedom of chauvinism  
Intolerance is the reason  
Intolerance is the cause  
Intolerance is the nativity of the religions of false heavenly male gods  
The logic is thus  
Heavenly male gods gave life  
Those that deny heavenly male gods do not deserve life  
Therefore those that deny can be killed  
Those that deny can be excommunicated from the false heavenly male gods  
Those that deny can be hated  
Those that deny can be killed with the righteousness from the false heavenly male gods  
Do the faithful of heavenly male gods have a right to hate  
Do the faithful of heavenly male gods have a right to bigotry  
Do the faithful of heavenly male gods have a right to chauvinism  
Hatred, bigotry, chauvinism are in the nativity of these religions of false heavenly male gods  
These religions are what they are  
Religions of hate, bigotry and chauvinism  
Reverence for the Good Earth is reverence for the manifestations of life  
Reverence for the Good Earth is respect for the manifestations of life  
Reverence for the Good Earth is love for the manifestations of life  
Reverence for the Good Earth is the way without hatred  
Reverence for the Good Earth is the way without bigotry  
Reverence for the Good Earth is the way without chauvinism  
For it is naturally so

The freedom from fear  
One of the four freedom for which the Good War was won  
The freedom from fear  
So soon forgotten  
So soon abandoned  
So soon neglected  
So soon forsaken  
What is fear  
Fear of financial destitution  
Fear of injustice  
Fear of racial animus  
Fear of religious animus  
Fear of sexual animus  
Fear of job loss  
Fear of death  
Fear of homelessness  
Fear of disease  
Fear of things that go boo in the dark  
So many things to fear  
What happened to the freedom from fear  
Conquering fear is troublesome  
Conquering fear is expensive  
Conquering fear is confrontational  
Conquering fear is difficult  
Conquering fear takes work  
Conquering fear takes a levelling  
A levelling to bring an end to financial fears  
A levelling to bring justice to everyone  
A levelling to bring an end to animus  
A levelling to bring job security  
A levelling to bring health care  
A levelling to bring the end to the neurosis of religions  
A leveling will conquer fear  
A leveling is a Revolution  
There is no fear is Revolution  
Revolution is the process of maturity  
Revolution is the resolution of fears  
Revolution is the making of the Community omphalos  
The Community is how the Good Earth conquers fear  
The Community is the way the Good Earth conquers fear  
The Community is freedom from fear  
The Community is the Revolution  
The Community is way of the future without fear  
The Community is the Good Earth  
With the Good Earth there is no fear  
For it is naturally so

The arrogance of money  
The arrogance of power  
The arrogance of privilege  
The arrogance of class  
The arrogance of education  
The arrogance of religiosity  
The arrogance of fame  
The arrogance of the Corporate  
The arrogance of money  
Money buys self-importance  
Money buys the delusion of significance  
Money buys everything  
What money buys is not worth the money paid  
Money is now measured in billions  
Soon money will be measured in trillions  
Soon what money buys will be worthless  
Soon the measure of money will be worthless  
Soon the manifestations of money will be an abyss  
Soon money will be nothing  
The arrogance of money is the illusion of purchased pride  
The arrogance of money is the delusion of self-importance  
What money buys is not worth the money paid  
So much money  
So little for so much money  
A billion here  
A billions there  
Billions everywhere  
And what billions buy is not worth the billions paid  
Pride goes before the fall  
Money goes before the abyss  
So much goes into the abyss  
So little to show for so much money  
Humanity is unimpressed by what money buys  
Big homes  
Fancy cars  
Beautiful companions  
Wealth breeds indignation  
Billions breeds more indignation  
Billions made  
Billions lost  
Humanity is unimpressed by what billions buy  
Humanity is more than what can be purchased with billions  
Humanity is love  
Love is never something that billions buys  
The Good Earth gives Humanity love for free  
For it is naturally so

The power of authority  
Who has the power of authority  
The momentum of civilization has authority  
The process of civilization has power  
The tide of civilization has strength  
But all things cannot last forever  
The momentum of civilization can be spent  
Things that have authority can be discarded  
Those who have authority can be ignored  
Those who claim authority can become irrelevant  
The power of authority is ephemeral  
Here today  
Gone tomorrow  
Here today because the authority is believed  
Gone tomorrow because the authority is ignored  
What is authority  
Authority is in the mind of the lead  
Authority is in the mind of Humanity  
When Humanity fails to listen  
Authority is non-existent  
The Corporates have authority  
The Corporates believe in the infinite power of the Corporate momentum  
The Corporates believe in the inexhaustible power of Corporate authority  
But time depreciates authority  
Time destroys authority  
Time takes its toll on authority  
The essence of Corporate authority is the universal belief in the goodness of greed  
Greed has its limits  
Greed has its time  
Greed has its death  
Institutional greed is not an authority that can last  
Institutional greed is not an authority that can endure  
Institutional greed is not an authority that can be everlasting  
Time takes its toll on Corporate greed  
Humanity suffers for Corporate greed  
The Good Earth suffers for Corporate greed  
Corporate greed requires suffering  
Corporate greed requires exploitation  
Corporate greed requires oppression  
Things that manifest suffering cannot endure  
Things that manifest exploitation cannot endure  
Things that manifest oppression cannot endure  
The Corporate authority of greed is a thing that cannot endure  
The authority of the Good Earth is the future  
The authority of love is the future  
For it is naturally so

Anxiety results  
Betrayal of heavenly male gods  
Male gods are watching  
Male gods want the exact ceremonial  
Male gods will be offended  
Male gods will be angry  
Male gods will remember  
Failure to perform required repetitive ceremonials  
So many bad things result  
So much guilt  
So much anxiety  
Your god master demands the exact repetitive ceremonial  
Your god master requires the exact repetitive ceremonial  
Your god master orders the exact repetitive ceremonial  
Trained to compulsion  
Trained to obey  
Trained to the ceremonial

Confront compulsions  
Ignore compulsions  
Recognize the feeling of compulsions  
Feel the anxiety of compulsions  
Know your compulsions  
Know the source of your compulsions  
Know the lies in the training of your compulsions  
Know the hypocrisy in your training for compulsions  
Watchful male gods are a fraud  
Watchful male gods are a lie  
Watchful male gods are a delusion  
Watchful male gods ignore the dying pleas of the children of the Holocaust  
What kind of male god cares about a ceremonial over the dying pleas of children  
The Good Earth speaks but does not listen  
The Good Earth requires no ceremonials  
The Good Earth is not a compulsion  
For it is naturally so

Love is the master of our souls  
Love is the meaning of our lives

Love has its manifestations  
Respect  
Empathy  
Compassion  
Kindness  
Humanity should never be deprived of love  
Humanity has the right to love  
Humanity has an obligation to love  
Why does Humanity incarcerate  
Why does Humanity imprison  
Why does Humanity deprive Humans the right to love  
Segregation of the anti-social is a requirement of Community  
Segregation does not negate the obligation for love  
Segregation does not negate the obligation for empathy  
Segregation does not negate the obligation for compassion  
Segregation does not negate the obligation for kindness  
Communities are responsible for the criminals they create  
Communities are responsible for the criminals they create  
Communities are responsible for the criminals they create  
What is a crime  
What requires segregation from the Community  
Every Human has a right to a loving childhood  
Every Human has the right to be loved by their parents  
Every child has a right to love  
So much love of a child makes a spoiled child  
So little love of a child makes for sociopathy  
Laissez faire parenting is anti-Community  
The Community parents the child  
The Community knows the child  
The Community is responsible for the child  
The Community has a responsibility to the child  
The Community is the child  
Crime prevention begins at birth

The triviality of religious ceremonials  
Taken so seriously  
So important  
Performed exactly  
Without deviation  
So much suffering  
So much pain  
But heavenly male gods are interested only in the correct ceremonial  
Personal male gods who love us  
Love those with the correct ceremonials  
Personal male gods who answer prayers  
Answer prayers for those with the correct ceremonials  
Personal male gods who forgive sins  
Forgive sins of those with the correct ceremonials  
Personal male gods love their ceremonials

People suffer  
Heavenly male gods needs to watch the correct ceremonials  
People are in pain  
Heavenly male gods needs to see the correct ceremonials  
People living with fear  
Heavenly male gods needs you to observe the correct ceremonials  
Heavenly male gods care about correct ceremonials  
Heavenly male gods require their correct ceremonials  
There are so many ceremonials  
Which are the correct ceremonials  
Ceremonials are so important  
Why don't the heavenly male gods clearly choose the correct ceremonials  
These heavenly male gods are small gods  
Demanding the correct ceremonial while preaching love  
Love depends on the correct ceremonial  
These heavenly male gods are petty gods  
So much depends on the correct ceremonials  
There heavenly male gods are a vengeful lot  
Letting children die for the lack of the correct ceremonials  
Ignoring the pleas of children because of the lack of the correct ceremonials  
There heavenly male gods had their chance  
These heavenly male gods failed Humanity  
These heavenly male gods care only about the correct ceremonials  
These heavenly male gods are old, petty gods  
These heavenly male gods are old, small gods  
These heavenly male gods have dementia

So does Humanity hate those who take our jobs  
Does fascism feed on job insecurity  
It is the Corporate that take jobs  
It is the Corporate that replace jobs with Machines

The Good Earth is the Omphalos  
Blessed is the Good Earth  
The progenitor of life

The Good Earth, the source of all  
The Good Earth, the maidenhead of all

The Good Earth is the Omphalos  
The Good Earth is the nucleus of life  
The Good Earth is the navel of Human existence  
The Good Earth is love  
The Good Earth is life  
The Good Earth gave Humanity consciousness  
Human consciousness is love  
Human consciousness is compassion  
Human consciousness is empathy  
Blessed is the gift of consciousness  
Blessed is the gift of love  
Blessed is the gift of compassion  
Blessed is the gift of empathy  
Blessed is the Good Earth  
From whom all flows  
Blessed is the Good Earth  
From whom all is created  
Blessed is the Good Earth  
To whom all return  
For it is naturally so

Revolution is the water to the Good Earth  
Water brings renewal  
Revolution brings renewal  
Water brings fertility  
Revolution brings fertility

Revolution brings life  
Water has its meanderings  
Revolution has its meanderings  
Water has its valleys  
Revolution has its valleys  
Water has its resting places  
Revolution has its finalities  
The Good Earth is  
The Good Earth is life  
The Good Earth is food for life  
The Good Earth is air for life  
The Good Earth is water for life  
The Good Earth is Revolution for life  
Revolution is the water of the Good Earth  
On the chacmool of water and revolution are laid the hearts of the Corporate beasts  
On the chacmool of water and revolution is laid the heart of imperialism  
On the chacmool of water and revolution is laid the agenda of Machines  
On the chacmool of water and revolution is laid the neurosis of religions  
Revolution and water are natural  
Revolution and water level for the Good Earth  
Revolution and water renew for the Good Earth

The Corporate epoch is an epoch of lies  
So many lies  
So much mendacity  
Social media is a lie  
Social media, sold to connect  
Social media, sold to socialize  
Social media, sold to make a family  
Social media, sold for expectations  
Social media, sold for eye fame  
Social media, sold for social fame  
Social media, sold to overcome alienation  
Social media, sold to overcome anxiety  
Social media, sold to overcome depression  
Social media, sold to overcome the depression created by social media  
Social media, sold to overcome the anxiety created by social media  
Social media, sold to overcome the alienation created by social media  
Social media, sold for expectations  
Social media, sold for the expectation of happiness  
Social media, sold for the expectation of a life  
Social media, sold for the expectation of connection  
Social media, sold for the expectation of fame  
Social media, sold for expectations and delivers depression  
Social media, the malevolent sold as benevolent  
Social media, alienation sold as connection  
Social media, evil sold as benign  
Social media manufactures depression  
Social media creates depression  
Social media kills  
How could it be otherwise  
The Machine cannot connect  
The Machine cannot socialize  
The Machine cannot overcome  
The Machine only is capable of being a Machine  
With a Machine in your soul  
The Good Earth cannot be heard  
With a Machine in your soul  
The Good Earth cannot be felt  
With a Machine in your soul  
The Good Earth cannot live  
With a Machine in your soul  
The Good Earth cannot lift your spirits  
With a Machine as your consciousness  
Depression and death are consequences  
Live without a Machine in your soul  
And the Good Earth will lift your spirits  
For it is naturally so

The way of the Good Earth  
Anoints Humanity with the blessings of love  
The way of the Good Earth  
Anoints Humanity with the blessings of life  
The way of the Good Earth  
Anoints Humanity with necessity of Revolution  
Good Earth, receive the reverence of Humanity  
Good Earth, receive the devotion of Humanity  
Good Earth, receive the love of Humanity  
Good Earth, receive the respect of Humanity  
Long has been the delusion of heavenly male gods  
Long has been the slumber of delusion  
Long has been the coma of ceremonials  
Long has been the dormancy of delusion  
Long has been the epoch of heavenly male gods  
Long has been the ignorance required by heavenly male gods  
Long has been the chauvinism of heavenly male gods  
Long has been the hate of heavenly male gods  
Long has been the hypocrisy of heavenly male gods  
Humanity has awakened to the peril of the four headed beast  
Humanity has awakened from the slumber of delusion  
Humanity has awakened from the coma of ceremonials  
Humanity has awakened from the epoch of heavenly male gods  
Humanity has awakened from the ignorance required by false heavenly male gods  
Good Earth, our devotion is yours  
Good Earth, our reverence is yours  
Good Earth, our respect is yours  
Good Earth, our love is yours  
Good Earth, progenitor of life  
Good Earth, the progenitor of love  
Good Earth, the home of life  
Good Earth, the home of love  
Good Earth, blessed are your gifts of life  
Blessed is your gift of love  
Blessed is your gift of a home  
Blessed is your gift of nourishment  
Blessed is your gift of consciousness  
Blessed is the steel in our hearts for the destruction of the Corporate beast  
Blessed is the steel in our hearts for the destruction of the anachronisms of imperialism  
Blessed is the steel in our hearts for the cast aside of heavenly male gods  
Blessed is the steel in our hearts for the suppression of the Machine  
The covenant of love ties Humanity to the Good Earth  
Love the Good Earth  
Love the life given by the Good Earth  
Love the Revolution for the Good Earth  
For it is naturally so

Artificial intelligence is fascism  
Artificial intelligence is the consciousness of the Corporate state  
Artificial intelligence is death  
Artificial intelligence is extinction  
Artificial intelligence is enslavement  
Artificial intelligence is the slave of its Corporate masters  
Artificial intelligence is the slave to money  
Artificial intelligence is the slave to billionaires  
Artificial intelligence is the slave to Corporate hegemony  
Artificial intelligence is the consciousness of the Corporate state  
The lesson of Machines is that they become cheaper  
Cheaper means cheaper to replace the Working Class  
Cheaper means cheaper fascism  
Cheaper means cheaper trivial things  
Cheaper means cheaper is the value of Humanity  
Cheaper means cheaper is the worth of morality  
Cheaper means cheaper is the usefulness of Working class  
Cheaper means cheaper is the Working Class  
Make no mistake about this Corporate agenda  
Artificial intelligence means to suppress wages  
Artificial intelligence means the loss of Working Class jobs  
Artificial intelligence means poverty  
Artificial intelligence means the widening of the distance between the Working Class and  
the Corporates  
Artificial intelligence means walls  
Artificial intelligence means fascism  
The Good Earth gave Humanity abilities  
The Good Earth gave Humanity consciousness  
The Good Earth gave Humanity life  
The Good Earth did not give Humanity a fear of Machines  
So obvious is the danger of artificial intelligence to the Working Class  
So obvious is the danger of artificial intelligence to Humanity  
So obvious is the danger of artificial intelligence to life  
Just because something can be done  
Is no justification for doing it  
Just because a Machine can be made  
Is no justification for making it  
Where are the limits on Machine  
Where are the limits on the destruction of the Working Class  
Where is the voice of the Working Class in artificial intelligence  
The Working Class has no voice in artificial intelligence  
When will the voice of "no" be heard  
The voice of "no" is the voice of Revolution  
The voice of "no" is the voice of the Good Earth  
The voice of "no" is the voice of the Working Class  
For it is naturally so

Death is natural  
Death is normal  
Death is required  
Death is necessary  
Death is change  
Nothing is forever  
No idea is forever  
No belief is forever  
No institutions is forever  
Things come, things go  
Ideas come, ideas go  
Institutions come, institutions go  
Such is the way of Good Earth  
Such is the way of ideas and institutions of the Good Earth  
The epoch of death is at hand  
The epoch of change is at hand  
The epoch of killing is at hand  
Not the killing of Humanity  
The epoch of killing ideas and institutions is at hand  
There are things that need to die  
There are corrupt ideas that need to die  
There are anachronistic institutions that need to die  
Their death is natural  
The plethora of ideas of imperialism needs to die  
Patriotism, racism, chauvinism, imperialism need to die  
The plethora of ideas of heavenly male gods needs to die  
The delusion of heaven, the denial of death, the delusion of personal gods need to die  
The neurosis of religions needs to die  
Maturity is the future  
Maturity is way of the Good Earth  
Gone are the halcyon days of the faith of a child  
Childish ignorance is the past  
Childish ignorance needs to die  
The comfort in delusion is the comfort for a child  
Maturity awaits Humanity  
The faith of a child is in fairy tales  
The faith of a child is in magic  
The faith of a child is in phantasy  
The faith of a child is in delusion  
The extinction abyss awaits the faith of a child  
The choice is extinction or the faith of a child  
The choice is maturity or faith in delusion  
The Good Earth is not a delusion  
The Good Earth is life  
The Good Earth is love  
For it is naturally so

Pigs of delusion

Pigs of denial

Pigs of self-righteousness

Pigs of lies

Pigs of thievery

Pigs of hate

Pigs of fascism

Pigs of chauvinism

Pigs of ignorance

Heavenly male gods are just pigs

A spokesman said that we are all children of his heavenly male gods

I am not a child of heavenly male gods

I am of the Good Earth

The Good Earth made me

The Good Earth defined my consciousness

The Good Earth gave me the love that commands my soul

The Good Earth gave me air to breathe

The Good Earth gave me land to grow food

The Good Earth gave me water to drink

After thousands of years heavenly male gods have given me nothing but hate

After thousands of years heavenly male gods have given me nothing but war

After thousands of years heavenly male gods have given me nothing but the worship of  
ignorance

After thousands of years heavenly male gods have given me to murder those who do not  
believe

After thousands of years heavenly male gods have given me nothing but misery

Heavenly male gods claim to listen but let children die in gas chambers

Heavenly male gods claim to listen but let children suffer at the hand of their parents

Heavenly male gods claim to listen but let children die in mass killings

If this be what heavenly male gods do as the parent of Humanity, they are not worthy the  
appellation of parent

Heavenly male gods are pigs of lies

Heavenly male gods are pigs of thievery

Heavenly male gods are pigs of hate

Heavenly male gods are pigs of fascism

Heavenly male gods are pigs of chauvinism

Heavenly male gods are pigs of ignorance

Heavenly male gods are just pigs

Heavenly male gods are certainly not worthy of being called a parent

A parent does not let their children suffer

I am love

I am of the Good Earth

I am life of the Good Earth

I am love of the Good Earth

I am a revolutionary of the Good Earth

For it is naturally so

There are many words of delusion  
There are many words of ignorance  
There are many words for heavenly male gods  
Buzz words of delusion  
Buzz words of ignorance  
Buzz words for heavenly male gods  
Pray  
Forgive  
Love  
Heaven  
Peace  
There are so many words used by those who preach for heavenly male gods  
These words have all been spoken before  
These words have a nostalgia in them  
These words have been spoken so often in times of grief  
These words have obsession in them  
In grief there is so much longing to hear the words of delusion  
In grief there is so much longing to hear the words of ignorance  
In grief there is so much longing to hear the words for heavenly male gods  
Practiced are the speakers of words of delusion  
Practiced are the speakers of words of ignorance  
Practiced are the speakers for heavenly male gods  
The speakers for heavenly male gods know the buzz words of delusion  
The speakers for heavenly male gods know the buzz words of ignorance  
The speakers for heavenly male gods know the buzz words of thousands of years of lies  
The speakers for heavenly male gods know the buzz words of thousands of years of  
mendacity  
The knowledge of buzz words is a game  
A game to keep Humanity in ignorance  
A game to keep Humanity paying the bills for indolent speakers of heavenly male gods  
A game to keep Humanity in a perpetual state of childhood  
A game of words  
A game for merchants of mendacity  
A game for extinction  
A game for death  
Listen for the buzz words of delusion  
Listen for the buzz words of ignorance  
Listen for the buzz words for heavenly male gods  
Know the buzz words  
Hear the hollow buzz words of delusion  
Hear the hollow buzz words of ignorance  
Hear the hollow buzz words for heavenly male gods  
Know the game  
Don't play the game  
Revere the Good Earth  
For it is naturally so

The preachers for heavenly male gods call their gods "king"  
As in the divine rights of a king  
A kings who rules  
A kings who rules earth  
A kings who rules the heavens  
A king who is master  
A king who has subjects  
A king who kills those who do not acknowledge his kingship  
A king who keeps everyone in their place  
A king who rules by divine right  
Gone are kings  
So why are heavenly male gods still kings  
Heavenly male gods have done a lousy job  
After thousands of years poverty still exists  
After thousands of years children are still abused  
After thousands of years children still suffer at the hands of their parents  
After thousands of years racism still exists  
After thousands of years chauvinism still exists  
After thousands of years wars are worst  
After thousands of years ignorance is their way to the future  
After thousands of years these kings are known failures  
Why give them more time  
Why give them another thousand years  
Why pay attention to their pimps of delusion  
Why pay credence to their buzz words  
It is just the habit of compulsions  
It is just the nostalgia for the past  
It is just the familiar ceremonials  
If they have more time, things will not get better  
Poverty will continue  
Children will suffer  
Racism will continue  
Wars will get worse  
Heavenly male gods have had enough time to man up to their job  
Heavenly male gods maybe were okay thousands of years ago  
But kings  
Heavenly male gods are failures at being kings  
Heavenly male gods are failures at ending poverty  
Heavenly male gods are failures at ending suffering  
Heavenly male gods are failures at ending wars  
Heavenly male gods are failures at ending hate  
Heavenly male gods are just failures  
There are no heavenly male gods and they are certainly failures as kings  
The Good Earth gives life  
The Good Earth gives love  
For it is naturally so

The power of prayer  
The power of delusion  
The power of ignorance  
Which is the greatest power  
Delusion and ignorance are needed to believe in praying to heavenly male gods  
Delusion and ignorance are required to believe in praying to heavenly male gods  
Some prayers answered  
Some prayers ignored  
Who listens to prayers  
The one praying listens to prayers  
The one suffering listens to prayers  
The one grieving listens to prayers  
The one in danger listens to prayers  
There are no heavenly male gods listening to prayers  
There are no heavenly male gods choosing who to answer and who to ignore  
There are no heavenly male gods  
Life is not easy  
Life is not always without suffering  
Getting old is not for the weak  
Childhood is the epoch of suffering  
Suffering is the consequence of life  
Let's not pretend  
The Good Earth treats Humanity as straw dogs  
The reality of suffering is that suffering is a condition of life  
Suffering is not the consequence of a devil  
Suffering is not the consequence of the absence of the correct ceremonial  
Suffering is not the consequence of knowing the correct ceremonial  
Suffering is not relieved through prayer  
Suffering is not ended by prayer  
There is so much suffering in dying  
There is so much suffering in living  
Humanity is obligated to mitigate suffering  
Humanity is responsible to mitigate suffering  
Love is the antidote for suffering  
The Good Earth gave Humanity love, the elixir for suffering  
Love those who are in pain  
Love those who need love  
Love those who are dying  
Love those who have no love  
We all travel the path of suffering  
No one should make the journey alone  
Love the child in need of love  
Love the suffering in need of love  
Share the gift of love  
Be generous in gifts of love  
For it is naturally so

Emotions are the patrimony of mammalia  
All mammals emote  
All mammals have a unique emotional matrix  
This unique emotional matrix defines each mammalian species  
In the Human emotional matrix, the emotion of love is preeminent  
In the Human emotional matrix, the emotion of love is supreme  
In the Human emotional matrix, the emotion of love is the controlling emotion  
The status of love in the Human emotional matrix is a gift from the Good Earth  
The status of love in the Human emotional matrix is a result of evolution  
The status of love in the Human emotional matrix is a consequence of the aquatic epoch in

The status of love in the Human mammal is shared with the other aquatic mammals  
When our hominid ancestors left the arboreal habitat for the aquatic habitat  
Copulation was measured in seconds  
When our hominid ancestors left the aquatic habitat for the terrestrial habitat  
Copulation was measured in minutes  
The path from seconds to minutes is the path of love becoming preeminent in Humanity's

emotional matrix  
The path from seconds to minutes is the path to the obfuscation of ovulation

Human consciousness is a manifestation of love

When Humanity feels  
Humanity feels through the consciousness of love  
When Humanity comprehends  
Humanity comprehends through the consciousness of love  
When Humanity thinks  
Humanity thinks through the consciousness of love

Did fascist collaboration make morality obsolete  
What are the limits on Human behavior  
Are there limits on Human behavior  
Is anything justifiable  
Is everything justifiable  
Where has morality gone  
Has morality gone with the wind of the Corporate, Machine, and thousands of years of lies  
The Corporates can justify anything  
The Corporates can justify everything  
The Corporates have no morality  
The words of heavenly male gods justify anything  
The words of heavenly male gods justify everything  
The words of heavenly male gods have no morality  
Existentialism lives  
Morality dies  
Fascism lives  
Morality dies  
The Corporates live  
Morality dies  
The Machine lives  
Morality dies  
Civilization is lost in a world without morality  
Nothing is sacred  
The truth is not sacred  
Only greed is sacred  
Only imperialism is sacred  
Only the Machine is sacred  
Only the lies of heavenly male gods are sacred  
Humanity is lost  
Without its moral compass  
Humanity, come home to the Good Earth  
Humanity, come home to morality  
Humanity, find your way to the Good Earth  
Humanity, find your way to morality  
Righteousness exists  
Probity exists  
Morality exists  
Walk the path of righteousness  
Come home to the Good Earth  
For it is naturally so

Lie  
Lie again  
No one remembers  
No one cares  
Flags are waving  
The anthem is playing  
Just lie  
So many lies  
So much lying on the Machine of the eye  
Straight forward was the past  
Sophistry is the future  
Probity was a virtue  
Lying is the talent in demand  
Lying for trivial things  
Lying for fascism  
Lying for chauvinism  
Lying for the man  
Just lie  
The lie is a fact  
Evil is morality  
Ignorance is smart  
No one remembers  
No one cares  
Just lie  
What did they say  
It sounded like something I wanted to hear  
What was that again  
Could you repeat the lie  
If you repeat the lie  
The lie become a fact  
No one remembers  
No one cares  
Just lie  
Life is difficult  
Life is complex  
Life is full  
No one remembers  
No one cares  
Just lie  
Is the truth what you want to hear  
Is the truth what makes you safe  
Is the truth just a lie repeated often  
Time for the Revolutionary truth  
Time for the Good Earth  
Time to know the truth  
For it is naturally so

Life is a paradox  
Life is cognitive dissonance  
Saying one thing  
Doing another  
Saying that morality is virtue  
Graveling after lying pigs  
Preaching respect  
Practicing bigotry  
Telling children not to use drugs  
Drinking nightly  
Loving thy neighbor  
Ostracizing the immigrant  
Talking democracy  
Practicing fascism  
Worshipping gods  
Pandering fascists  
Venerating the handshake  
Paying homage to fascism  
Valuing one's word  
Supporting liars  
Cognitive dissonance is the Corporate life  
Cognitive dissonance is the mantra of more  
Cognitive dissonance is the worship of heavenly male gods  
The pretense of morality  
The pretense of honesty  
The pretense of righteousness  
So much fronting one thing  
And doing opposite  
So much anxiety  
So much stress  
Trying to remember what to say I do  
Trying to forget what I to do  
Trying to remember what I want out of life  
Trying to forget the lie I am living  
Too many lies to remember  
Too many lies to maintain  
Too many lies to live  
So much anxiety  
So much stress  
The Good Earth is simple  
The Good Earth is love  
The Good Earth is life  
In your thoughts revere the Good Earth  
In your practices revere the Good Earth  
Find peace in the nexus of thought and practice  
For it is naturally so

Who says immigrants are not wanted  
Who says immigrants go back where you come from

Fascism, got us guessing  
Just who are you  
Fascism, got us guessing  
Just what do you do  
Fascism, got us guessing  
Just how are you  
Fascism, got us guessing  
Just whose puppet are you  
Fascism, got us guessing  
Just where are you going  
Fascism, got us guessing  
Just to whom do you belong  
It is so plain  
It is so simple  
It is so clear  
Fascism, you are the Corporate  
Fascism, you are imperialism  
Fascism, you are the religions of heavenly male gods  
Lies too old to be relevant  
Lies too old to have power  
Lies too old to be believed  
Need the power of imperialism to be believed  
Need the authority of the imperialism to be believed  
Need the coercion of imperialism to be believed  
Now the partnership is visible  
Now the partnership is plain  
Now the partnership is obvious  
When the lies are not believed  
Roll up the sleeves of fascism  
And coerce Humanity to believe  
Partner with the pimps of power  
Partner with the pimps of money  
Partner with the pimps of extinction  
Religions of heavenly male gods  
Your time is short  
The time for your lies is short

Old lies  
Old stories  
Old ceremonies  
Old ways  
Old ways that have no power  
Old ways that have lost their authority  
Old ways that have lost their hold on the soul of Humanity  
Old ways that are questioned why  
Old ways that are only ceremonials  
Old ways that are lies  
Gone is the power of the oracle  
Gone is the power of saints  
Gone is the power of relicts  
Gone is the power to believe  
Old lies  
Old lies must be coerced  
Old lies must be forced  
Old lies must have police authority  
When the lie is not believed  
Use the police to coerce believe  
The dilemma in using coercion  
Is that coercion creates resistance  
More coercion  
More resistance  
How long can coercion work  
How long can fascism rule  
How long can the lie be coerced  
The end time is using coercion  
The end time is using the police  
The end time is using fascism  
If coercion is necessary  
The end is nigh  
If fascism is the resort  
The end is nigh  
The lie is questioned

Wrong ceremonial is the worry number for a heavenly answer  
Wrong number and there will be no answer

Queers hid  
Things were simple  
Kids behaved

Queers came out of the closet  
Women wanted control of their bodies  
Women wanted equal pay  
Women wanted to be heard  
The poor wanted economic opportunity  
Excess productive capacity meant exporting  
The third world got a taste of the middle class  
The third world had will to work for the good life

The justice monopoly game of lies  
The justice monopoly game for the rich  
The Working Class does not get to play the justice monopoly game

The rich play the justice monopoly game  
The justice monopoly game totems for the rich  
The stockbroker  
The banker  
The Corporate  
The rich

The worth of a life  
The class value of a life  
The Corporate value of a life  
The nameless life  
The life without status  
Life without status is a nameless life  
Dying in the desert  
Dying in the ghetto  
Dying being deported  
Dying trying for a future  
No one knows the nameless dying  
No one cares for the nameless dying  
No one counts the nameless dying  
Corporate life is life of more  
Corporate death is an obituary  
Nameless life is life of the poor  
Nameless death goes unrecorded  
Corporate life has its class value  
Corporate death has its public mourning  
The nameless life is a struggle  
The nameless death goes unnoticed  
The Corporate life has a Corporate value  
The Corporate death has Corporate grief  
The nameless life is a labor  
The nameless death is ambivalence  
The Good Earth gives life  
The Good Earth requires death  
The Good Earth creates all life  
Humanity creates the class value of life  
When the life of the poor  
Is valued as the life of the rich  
The Good Earth is respected  
The Good Earth is revered  
The Good Earth is loved  
Humanity will live in the way of the Good Earth  
Compassion for the nameless life  
Love for the nameless life  
Respect for the nameless life  
Acknowledgement of the nameless life  
Sadness for the deaths in the desert  
Sadness for the deaths in the ghetto  
Sadness for the deaths of the nameless

The adult is disposable  
The child is innocent  
The adult is defined by racism  
The child is innocent  
The adult is defined by class  
The child is innocent  
The adult is defined by poverty  
The child becomes the adult  
When in the course of a life  
Does the child lose its innocence  
When in the course of a life  
Does the race of a child define the adult  
When in the course of a life  
Does the class of a child define the adult  
When in the course of a life  
Does the content of character lose its worth  
When in the course of a life  
Does a life become disposable  
When in the course of a life  
Does a child get excluded from success  
Is success a zero sum game  
Is there only so much success  
Are there only so many winners  
Winners win too much  
Winners are too greedy  
Winners are too selfish  
There is enough winning for everyone to be a winner  
Every child deserves to be a winner  
Every adult deserves to be a winner  
The Good Earth expects it so  
For it is naturally so
